Bengaluru, India | LinkedIn: linkedin.com/in/akash-rathod-48aa66211 | GitHub: github.com/akashrathod3565

PROFESSIONAL SUMMARY

Detail-oriented AI/ML Professional and Process Lead with hands-on experience in Machine Learning pipelines, NLP automation, and procurement analytics. Targeting Data Scientist or ML Engineer roles to leverage skills in predictive modeling, clustering, and RAG frameworks to deliver business impact.

TECHNICAL SKILLS

Languages: Python (Numpy, Pandas, Sk-learn, TensorFlow), SQL

AI/ML & NLP: LLM, RAG, Lang-chain, Sentence-BERT, Clustering (DBSCAN, HDBSCAN), Deep Learning, Time Series

Analytics & MLOps: Data Cleaning, ETL, Feature Engineering, ML-Ops, CICD, Git, Docker, AWS

Tools: Power BI, MySQL, Excel, VS-Code

PROFESSIONAL EXPERIENCE

Bosch Global Software Technologies

Process Lead

Bengaluru, India

March 2023 – Present

- PO Splitting Detection using DBSCAN & Sentence-BERT
- Designed a data-driven solution to detect PO splitting fraud, identifying vendors bypassing approval thresholds.
- Engineered an NLP pipeline using Sentence-BERT embeddings and HDBSCAN to cluster semantically similar items.
- Developed an interactive Gradio app for stakeholders to explore high-risk supplier clusters and temporal patterns.
- Impact: Identified EUR 8M in bundling opportunities and EUR 2M in PO split cases through advanced spend analysis.
- Reduced SLA cycle by 50% (14 to 7 days) and increased cost savings from 5% to 15% via KPI monitoring and RCA.

Bosch Global Software Technologies

YTP Graduate Engineering Trainee

Bengaluru, India

Sep 2022 – Feb 2023

- Led procurement analytics initiatives focused on SLA compliance and RFQ value segmentation.
- Developed executive-level Power BI dashboards to visualize KPIs and support strategic decision-making.

KEY PROJECTS

- RAG Chatbot: End-to-end CI/CD pipeline for a Retrieval-Augmented Generation bot using Lang Chain and AWS
- Steel Price Forecasting: Built time-series models using Prophet and LSTM (Deep Learning).
- Supplier Recommender: Created a POC for data-driven supplier identification and recommendation.

EDUCATION

KLE Technological University, Hubli

B.E. Mechanical Engineering (2022) | 7.5

Nalanda PU College, Hubli

PUC (2018) | 84%

CERTIFICATIONS & AWARDS

- Advanced Data Analytics Certificate (Google)
- Shabhash Award for Excellence (Bosch Global Software Technologies)
